Mercy Rule

Once the first half of the game has been played, the game is terminated once a goal differential of 6 goals is reached.

Water Breaks

Coaches and officials will decide prior to the start of the match if water breaks are required. If used, the referee is to stop the clock, and allow 2 minutes per half for the water break.

The Clock

The clock will be stopped for all injuries until the injured player is removed from the field. If removal may be a prolonged period, the 'home' AD may choose to consider the match as complete.

In the last 5-minutes of the match, if, in the opinion of the referee, a coach has changed his/her pattern of substitution to apparently waste time, the referee may stop the clock, warn the offending coach that a continuation of the new pattern will result in the clock being stopped on each occurrence and may result in the coach receiving a caution (yellow card).

Overtime

Overtime If tied at the end of regulation, Kicks from the mark will be used to determine a winner. All players, except the kicker and the opposing goalkeeper shall be within the field of play but outside the penalty area. Referee will determine the goal to be used. Both coaches will select 5 players from their team. All players on the roster are eligible to participate in the penalty shoot-out. Referee will determine by coin toss of which team shoots first the winner will decide who kicks first and the referee will choose which goal will be used. Five rounds of kicks will be taken. In the event a winner is not determined the coach will select any 1 player with "sudden victory" rules in effect. A player may not shoot a second time until all players have shot once. When one team has scored one more goal than the other team both having an equal number of shots, the winner is determined.

Weather Suspension

Weather Suspension after the start of the match will be for either thunder or lightening as determined by the referee or designated 'weather official'. The suspension will be for thirty (30) minutes and will continue in thirty (30) minute increments for each subsequent occurrence unless match continuation is deemed safe by the referee. If the delay becomes a total of one (1) hour from the initial stoppage, the match will be considered complete.

NOTE: at any point after the start of the match, the 'home' athletic direct may terminate the match.

Any Rules not specifically addressed above will be the NFHS Rules as amended by NCHSAA for the 2023-24 school year.
